political and social capabilities pdf

Socialism is a range of economic and social systems characterised by social ownership and workers' self-management of the means of production as well as the political theories and movements associated with them. Social ownership can be public, collective or cooperative ownership, or to citizen ownership of equity. There are many varieties of socialism and there is no single definition ...

Types. Political violence varies widely in form, severity, and practice. In political science, a common organizing framework is to consider types of violence by the relevant actors: violence between non-state actors, one-sided violence perpetrated by a state actor against civilians, and violence between states.
