Archaeology, or archeology, is the study of human activity through the recovery and analysis of material culture. The archaeological record consists of artifacts, architecture, biofacts or ecofacts and cultural landscapes. Archaeology can be considered both a social science and a branch of the humanities. In North America archaeology is a sub-field of anthropology, while in Europe it is often ...

What is the greatest threat to humanity? We are, of course....and our technology. Like a dangerous weapon in the hands of a child, technology has overtaken our capacity to control potential consequences. Oxford University's Future of Humanity Institute, led by director Nick Bostrom, says we have entered this new kind of technological era that we have no track record of surviving.

Moving from back office to front office? Every year, a lot of young professionals decide to start their careers in investment banks' back offices. People work in back offices for various reasons: easier hours/lifestyle, because they did not make it into a front-office job and hoped it was the best step towards the front office, or because they simply didn't know the difference between back and ...
