### **Critical thinking in Nursing: Decision-making and Problem**

A decision problem  $A$  is decidable or effectively solvable if  $A$  is a recursive set. A problem is partially decidable, semidecidable, solvable, or provable if  $A$  is a recursively enumerable set. Problems that are not decidable are undecidable. For those it is not possible to create an algorithm, efficient or otherwise, that solves them.

1. Identify the problem. This step can be difficult as children do not always have the words to tell you how they feel or know exactly what the problem is. Finding a quiet space where your child feels comfortable and relaxed may help them to start talking about it. Using your active listening skills will also help your child to feel understood and supported in talking to you.
