

property rights and economic pdf

Definition. The right to property is one of the most controversial human rights, both in terms of its existence and interpretation. The controversy about the definition of the right meant that it was not included in the International Covenant on Civil and Political Rights or the International Covenant on Economic, Social and Cultural Rights. ...

Right to property - Wikipedia

Intellectual property (IP) is a category of property that includes intangible creations of the human intellect. Intellectual property encompasses two types of rights; industrial property rights (trademarks, patents, designations of origin, industrial designs and models) and copyright. It was not until the 19th century that the term "intellectual property" began to be used, and not until the ...

Intellectual property - Wikipedia

By influencing the incentives to innovate, intellectual property rights protection may affect economic growth in important ways. An important question for many countries is whether stricter enforcement of intellectual property is a good strategy for economic growth.
