PUBLIC CHOICE AND PUBLIC POLICY - AgEcon Search

Public choice economists make the same assumptionâ€”that although people acting in the political marketplace have some concern for others, their main motive, whether they are voters, politicians, lobbyists, or bureaucrats, is self-interest.

Public Choice Theory, by Jane S. Shaw: The Concise

But public choice, like the economic model of rational behavior on which it rests, assumes that people are guided chiefly by their own self-interests and, more important, that the motivations of people in the political process are no different from those of people in the steak, housing, or car market. They are the same human beings, after all.

Public Choice - Econlib

(Roughly speaking, public choice, and/or rational politics, is the application of economic models of human action to politics.) C. Public choice theorists have developed a wide range of models of political action.
